RiZZ MATS AND BROOMS

With the RiZZ | Outdoor and Indoor mats and brooms, RiZZ delivers exclusive design products that do justice to the carefully chosen style of your home or terrace. Not only will you make a perfect first impression at the entrance, but you will enjoy the luxury of these mats every time you step over a threshold. The unique RiZZ mats are applicable at every passage from the outside to the inside, whether at the front door, back door or patio doors. Available in three sizes and three colours (outdoor mat with or without teak inlay), one always suits your situation and style. The range is completed with the stylish RiZZ | Outdoor and Indoor brooms, executed in matching design. In addition to the exclusive look, all RiZZ products excel in functionality and durability.

RiZZ OUTDOOR AND INDOOR MAT

The outdoor mat scrapes the dirt from your shoes, the indoor mat dries the sole. The brush strips in the outdoor mat remove 80% more dirt than other mats. Unique benefit is that the dirt falls between these strips and is then drained by rain and wind. Combined with a solid aluminium frame, the mat forms a strong and durable whole that you will enjoy for 10+ years to come. The indoor mat has a top quality interior which has up to 80% more absorption capacity. Unique to the indoor mat is also that the non-slip underlay does not contain chemicals that can affect a wooden or marble floor. This mat is finished with a genuine leather edge. Because of this edge finish it fits very nicely with the outdoor mat.

For sizes and colours please see the back of the brochure.

**A seamless transition
from outside to inside,
in all four seasons**

A luxurious entrance at every door

RiZZ OUTDOOR AND INDOOR BROOMS

The brooms have a closed structure. As a result, the dirt does not stick in the broom, but is actually swept away. Available in the same colours as the mats, they form a beautiful design concept for keeping the house and terrace clean.

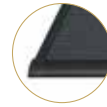

For sizes and colours please see the back of the brochure.
